

## 1

### Learn About iEARN: Prospective Members

Learn more about iEARN's global projects and how to connect your students with classrooms from around the world

#### Tour

Want to learn more about joining iEARN's global projects? Follow the free guided tour. This tour covers the basics on what iEARN projects are, about our global community of educators, and resources to support new members.

#### Communications Resources

Excited to share about iEARN with your school's administration and parents? Download these letters and resources to guide you in communicating about impact, privacy, student safety, and finding funding and support.

## 2

### Access for iEARN Members

iEARN members come from more than 140 countries and iEARN projects have reached more than 2 million students. Members have access to iEARN's robust network of international educators and can use iEARN's Collaboration Centre to join more than 100 teacher-designed classroom projects. We support our members with the following resources and opportunities:

#### Projects

As a member, gain access to more than 100 curriculum-aligned projects designed and facilitated by teachers and students in K-12 classrooms.

#### Resources

Not sure how to get started with an iEARN project or want to take your skills to the next level? Look through our project book, teacher's guide, curriculum integration plans, and tutorials!

#### Self-Guided Course

Follow the readings, videos, and tutorials in the iEARN self-guided course at your own pace to learn the basics of global project-based learning.

#### Interactive Webinars

Participate in interactive webinars with iEARN staff, facilitators and experienced educators. These cover topics to help you enhance your project work with your students and offer you the chance to share your project work with the larger iEARN community.

**\$100 for an individual membership; \$400 for a school membership**

## Professional Development Opportunities for Members

Are you an iEARN member who is looking for additional support or mentoring? Register for Learning Circles or one of iEARN-USA's professional development opportunities to build your capacity for online, global, project-based learning.

### Learning Circles

Join an ongoing, 15-week highly interactive, structured and supported project that connect small groups of educators and classes from around the world.

### Facilitated Online Courses

Sign up for a four-week online course facilitated by experienced iEARN educators linking you with educators around the world to collaborate on project integration and standards alignment.

### Workshops

Inquire about having iEARN conduct a workshop on global project-based learning at your school or for your district. Workshops tailor training materials to fit specific interests, educational standards, and technology needs.

### Annual International Conference

Attend the iEARN International Conference and Youth Summit and gather with members and friends from around the world to learn, share and celebrate collaborative project work.

Free with Membership

\$400 for course registration for October or February course; scholarships may be available

\$3,000 for half-day, \$3,700 for full day workshop

Registration fee and travel change yearly depending on location

## iEARN Leadership Opportunities

Are you an experienced iEARN member looking for ways to give back to the iEARN community? Learn more about iEARN-USA's leadership tracks for educators and sign up to become a Global Education Ambassador or iEARN Project Facilitator.

### Global Education Ambassadors

iEARN-USA leaders, the GEAs, promote iEARN project work, support new educators in the network, and continue their own global education professional development. As a GEA, gain access to special opportunities, such as conference presentations, mini-grants, and advanced workshops.

### Become a Project Facilitator

iEARN offers resources and an annual summer course to help you build your skills in project design and facilitation.
