8 Simple Steps...

...to involving your students into an international collaborative project with "iEARN: Connecting Youth - Making a Difference in the World" CD-ROM

Your group has been assigned Step # _____ for our jigsaw activity. We will need your input to complete all 8 steps and be ready to begin our first collaborative endeavor. Use the CD to learn about your step up the IEARN ladder of success. Your group needs to prepare to share the following items.

- A brief summary of your section
- A description of a sample project or resource described in your site
- What is in this section that others would want to see?
- Challenges that you might encounter in implementing this step of the plan
